Material information

CTT – Correios de Portugal, S.A. (“CTT” or “Company”) hereby informs that the Council of Ministers in its meeting held today approved the decree amending the Postal Law, which will now have to be promulgated by His Excellency the President of the Republic.

This amendment establishes the legal framework applicable to the provision of postal services in the national territory, as well as international services with origin or destination in the national territory, incorporating some adjustments relative to pricing and quality of service taking into account the evolution of the universal postal service.

CTT considers that this is an important and necessary step towards the signing of the new concession agreement, which follows the direct award procedure aimed at appointing CTT as the provider of the universal postal service.

This information to the market and the general public is made under the terms and for the purposes of article 248-A of the Portuguese Securities Code and other legislation in force in Portugal. It is also available on CTT website at:
